

Interview preparation guide

17/09/2020 meeting

List of questions and answers by topic

<https://www.geeksforgeeks.org/practice-for-cracking-any-coding-interview>

You may skip the “math” and “puzzle”, sections, as they became less popular

While you learn the answers to some of these questions

- Try to solve with a naive solution first.
- Try to note the repeating patterns and techniques, rather than memorizing the solution.

Facebook interview preparation guide

<https://www.facebook.com/careers/life/preparing-for-your-software-engineering-interview-at-facebook/>

A guide on how to prepare to Facebook code interview, the neat thing is that many companies follow more or less the same procedures.

Interview questions by company

Glassdoor is a great (and searchable) source for interview question from almost every company in the industry.
